

A large, soft-focus pink flower is the central visual element, set against a light brown, textured background that resembles aged paper. The petals are layered, with some showing a gradient from light pink to a deeper magenta. The overall mood is gentle and hopeful.

Over the Rainbow

**Wednesday, March 2, 2011 from 5:30 – 6:30 p.m.,
at Rainbow House, 1611 Towne Dr., Columbia, MO**

Rainbow House's Over the Rainbow group is for girls ages 11–16. It is open to any sexual abuse survivor whether or not she has ever been to Rainbow House before. The goal of the group is to give girls a place to talk about sexual abuse and other topics they are interested in with other girls who share their experiences in a safe, confidential environment. Girls have the opportunity to support one another and to do hands on fun activities including arts and crafts and recreational outings. **There is life beyond abuse and good things can still happen!**
